Additionally there are archival and mounted prints available from Digital colour services - please inquire if interested...

Finally, I can order prints to my home address, get them framed here and post them on to you... however this option would add at *least* £30 (for A3) onto the price.

Redbubble:

If not already available on Redbubble, please let me know what image you would like me to upload to Redbubble.

You then order via the Redbubble website (link above).

There are many different products on sale on the website (including T-shirts, cushion covers and mugs), but for the prints:

| Size For reference A4 = 297 x 210mm A3 = 420 x 297mm | Style | Mainland UK Postage estimate, <u>2nd class</u> - first class or courier service also available | Redbubble Price (<i>excluding</i> postage) | Redbubble Price (<i>including</i> postage) | Comments |
